

CALLS, FOCUS WORK AND MEETINGS

Office Pods and Meeting Booths

MP1, MP1+, MP2 and MP3: factory-direct office pods for individual work and shared conversations.

Standard models from MOQ 1 for dealers, contractors and project buyers.

MP1

Single-person calls and focus work.

MP1+

More space for single-person work.

MP2

Two-person meetings and interviews.

MP3

Four-person discussions and small meetings.

Product visualizations in illustrative settings, not customer installations. Furniture supplied follows the scope below.

MODEL, FURNITURE AND REFERENCE PRICE

Model	External size (mm)	Furniture scope	Reference EXW

MP1+	1200 x 1200 x 2200	Work desk + one seat included	USD 1,650
MP2	2000 x 1000 x 2200	Seating-and-table set optional; quoted separately	USD 2,380
MP3	2000 x 1600 x 2200	Seating-and-table set optional; quoted separately	USD 3,650

Price reference: July 19, 2026. These EXW figures are not a current order quotation or a delivered project price. The project quotation confirms the current price and selected configuration.

Packing, configuration and project support

STANDARD EXPORT PACKING

Model	Gross weight (including packaging)	Packaging volume (CBM)	Reference packing size* (mm)
MP1	360 kg	2.0	1150 x 760 x 2380
MP1+	410 kg	2.5	1350 x 760 x 2380
MP2	520 kg	4.0	2150 x 760 x 2380
MP3	650 kg	4.0	2150 x 760 x 2380

*Packing sizes retain the July 19, 2026 reference version. Confirm shipment dimensions and package details against the order packing drawing/list. Gross weight and CBM do not establish individual package dimensions.

Construction and finishes

Aluminum alloy frame, galvanized steel panel and tempered glass. Standard finish options include a black frame, white exterior, gray acoustic panel and wood-grain panel.

Acoustic privacy

Factory testing for MP1, MP1+, MP2 and MP3 confirms noise reduction of **up to 35 dB**. Actual on-site performance depends on the configuration, installation environment and site conditions.

Configuration options

Size, color, socket, voltage, logo and interior options can be discussed before quotation. Options include USB / Type-C and network ports. Furniture scope is listed on page 1.

Production lead time

Standard models usually need 15-20 days; custom products usually need around 30 days after specifications are confirmed. The project quotation sets the schedule. International transport is separate.

Installation support

Pods are normally supplied in knock-down export packing. Installation drawings, video guidance and remote support are available for the agreed scope. Buyers normally arrange on-site assembly; local installation is separately agreed.

Trade terms and after-sales support

EXW is the reference basis. FOB Shenzhen / Guangzhou, CIF, DDU and DDP can be discussed after destination and project details are confirmed. Ask for the written warranty scope, covered components, exclusions and service responsibilities for the ordered configuration.

Request a project quotation

Send the product type or model, quantity, destination country, preferred size, furniture choice, socket / voltage, color or logo requirements, shipping term and any reference photo or drawing.
